Profile Summary

MERN & MENN stack developer with a year of dedicated learning and hands-on project experience. Skilled in MongoDB, ExpressJS, ReactJS, NextJS and NodeJS, with a strong foundation in building responsive web applications. Seeking opportunities to apply my skills, grow professionally, and make a meaningful impact in a dynamic team environment.

Skills

HTML, CSS, Tailwind	JavaScript & ES6	React Js & Next Js
Firebase & MongoDB	Node Js & Express Js	Bootstrap, Antd & MUI
React Native (Expo)		

Experience

During my internship at **SMIT (Saylani Mass IT Training Program)**, I worked as a MERN Stack Developer, gaining hands-on experience in building dynamic, responsive web applications. This internship allowed me to collaborate with a team of experienced developers, improve my technical skills, and contribute to real-world projects.
Gained comprehensive knowledge in MongoDB, Express.js, React.js, and Node.js.
Understanding of state management using Redux and real-time functionalities using Socket.io.

Projects

Chat App

. I developed a real-time chat application using the MERN (MongoDB, Express, React, Node.js) stack and Socket.io, providing seamless one-on-one messaging functionality.

. Secure login and signup functionality using JWT (JSON Web Tokens). Display all logged-in users in real-time, making it easy to identify who is available for chatting.

. Efficient search system to quickly find specific users based on their names.

. Users can initiate private, one-to-one conversations with other users.

SAK Shop

. The SAK E-commerce Website is a specialized online platform designed for users to conveniently browse and order various auto parts. Developed with the MERN stack (MongoDB, Express.js, Next.js, and Node.js).

. A well-organized navigation system that allows users to browse spare parts by specific categories (e.g., engine parts, suspension, brakes). A search bar with auto-suggestions and filter options, enabling users to find products by keywords.

. Instead of a traditional shopping cart, users can place orders directly through WhatsApp.

Certification

Saylani Mass IT Institute	Karachi
MERN Stack Development	2024
Covered topics include HTML, CSS, JavaScript, React, Node.js, Express, & MongoDB	

Education

Degree College Intermediate	Wazirabad
"Completed Intermediate (High School Diploma) with a focus on science subjects, providing a strong foundation in analytical and problem-solving skills."	2018
National Model School Matriculation	Wazirabad
"Completed Matriculation (Secondary School Certificate) with a concentration in science subjects, establishing a solid grounding in foundational scientific principles and analytical skills."	2016
